PROJECT 1

What does this project consist of?
En qué consiste el Project?

The project consists of choosing a well-known app (e.g. Instagram, Spotify, Duolingo, TikTok, WhatsApp, etc.) and following a script in which you have to describe it, show its features, what it is used for, who it is aimed at, its popularity, success, future changes, and finally, you must conclude the project by explaining why you chose this app, giving suggestions and recommendations.

Don't forget that visual support is essential, so it is mandatory to add images, videos, links, recorded explanations, etc.

El Project consiste en escoger una conocida App y seguir un guión en el que tenéis que describirla, mostrar sus características, para qué sirve, a quién va dirigida, popularidad, éxito, cambios en el futuro y para terminar debéis concluir el Project contando porqué habéis elegido esta App, dando sugerencias y recomendaciones.
